Marine Advisory/Warning: *None*	Marine Advisory/Warning: *None*	Marine Advisory/Warning: *None*

Weather Discussion:

A weak trough system is expected across the islands by mid-week, bringing a few showers, light-moderate rain and a slight chance of isolated thunderstorms across St. Vincent and the Grenadines (SVG). A film/slight-haze may be noticeable across our area during Thursday.

Gentle-moderate (15 - 25km/h) breeze across SVG could temporarily increase (~30km/h) during Wednesday and wind directions vary between northeast and east in some locations.

Sea conditions in open water are smooth-slight, with swells near 0.5m(1.5ft) west of our islands and slight with swells near 1.2m(4ft) east of our islands.
