March 19th

Fair-partly cloudy,
isolated showers,
breezy at times &
slight-haze

Weather
Advisory/Warning:
None

Seas: Moderate
1.5m to 2.0m / 5ft to 6.5ft

Marine Advisory:
*Caution...Above normal
swells & occasional gusts*

Weather Discussion:

The Atlantic High Pressure System is dominant across the islands and increased wind speeds could bring occasional clouds with a few showers across St. Vincent and the Grenadines (SVG), interrupting fair conditions. Varying concentrations of Saharan dust create slight/moderate-haze across our area by Sunday.

Moderate-fresh (20 - 35km/h) breeze vary between east north-east and east south-east across our islands. Wind-speeds are expected to peak ~38km/h Monday night.

Sea conditions are moderate in open water, with swells near 1.5m west of our islands and near 2.0m east of our islands...*Small-craft operators and sea-bathers should continue to exercise caution for above normal sea-swells and occasional gusty winds.*
