Weather Discussion:

Partly cloudy skies and brief scattered showers are forecast for the remainder of the day.

By Monday, a tropical wave/disturbance should be in the vicinity and an increase in cloud cover with showers and possible thunderstorms are forecast.

Instability trailing the tropical wave will affect the islands on Tuesday maintaining cloudy skies showers and possible thunderstorms.

By Wednesday, across SVG, weather conditions should be cloudy with scattered showers becoming fair as system progresses northwest (possibly becoming a depression).

ENE winds are forecast at 9mph – 20mph (15km/h-35km/h), becoming southerly and increasing in speed from Tuesday to approximately 25mph (40km/h) . Seas are forecast to be slight to moderate in open waters with swells ranging between 0.5m-1.0m on the western coasts, and 1.0m-2.0m on the eastern coasts. Moderate haze possible around Wednesday.
