Marine
Advisory/Warning:
None

Seas: Slight to moderate
1.0m to 1.8m / 3ft to 6ft

Marine
Advisory/Warning:
None

Weather Discussion:

Weak unstable conditions linger across St. Vincent and the Grenadines (SVG), with a few showers and isolated thunderstorms. Patches of Saharan dust continue to create slight/moderate-haze across our area at times.

Moderate-fresh (25 - 35km/h) breeze across our islands could reduce to gentle (~15km/h) breeze during Wednesday. Wind directions could vary between northeasterly and east southeast in some locations.

Sea conditions are slight to moderate in open water, with swells ranging 0.5m(1.5ft) to 1.0m(1.5ft) west of our islands and 1.2m(4ft) to 1.8m(6ft) east of our islands.

The St. Vincent and the Grenadines Meteorological Services (SVG MET Services) will continue to monitor areas of interest in the Tropical Atlantic Ocean and issue updates/advisories as necessary.
