Advisory/Warning:  
*None*

Seas: Slight to moderate  
1.0m to 1.5m / 3ft to 5ft

Marine  
Advisory/Warning:  
*None*

## Weather Discussion:

A few showers linger across St. Vincent and the Grenadines (SVG) this afternoon and cloudiness with shower activity gradually decreases by this evening. The Atlantic High Pressure System is becoming the dominant feature, with a few showers likely across SVG during Thursday. Meanwhile, varying concentrations of Saharan dust continue to create slight/moderate-haze across our area at times.

Moderate-fresh (20 - 35km/h) breeze across our islands could vary in direction, between east north-east and east south-east in some locations.

Sea conditions are slight to moderate in open water, with swells ranging 0.5m - 1.0m west of our islands and 1.0m - 2.0m east of our islands.
