a few showers
& slight/moderate-haze

Weather
Advisory/Warning:
None

Seas: Slight in open water
0.5m to 1.2m / 1.5ft to 4ft

Marine
Advisory/Warning:
None

Weather Discussion:

Moisture levels are gradually decreasing across our islands, with occasional cloudiness and a few showers across St. Vincent and the Grenadines (SVG). Saharan dust concentrations continue to create moderate-haze, possibly thinning to slight-haze across our area by late Thursday.

Light-gentle (5 - 15km/h) breeze across our islands could occasionally increase to a moderate breeze (~20km/h) and wind directions are expected to vary from east northeast to southeast in some locations.

Sea conditions are slight in open water, with swells near 0.5m west of our islands and up to 1.2m east of our islands. *Small-craft operators should exercise caution as visibility could be occasionally poor(reduced) due to moderate dust-haze, possibly thinning to slight-haze by late Thursday.*
