1.0m to 1.5m / 3ft to 5ft

Marine
Advisory/Warning:
None

Seas: Slight to moderate
1.0m to 1.5m / 3ft to 5ft

Marine
Advisory/Warning:
None

Weather Discussion:

Low-level clouds could bring a few light showers across St.Vincent and the Grenadines (SVG) this afternoon. The Atlantic High Pressure System is shifting eastward and dry/stable conditions with little chance of showers are likely across SVG by Sunday until mid-week. A film/slight-haze may be noticeable at times, due to varying concentrations of Saharan dust across our area.

Gentle-moderate (15 - 25km/h) winds vary between east north-east and east south-east, becoming occasionally fresh (~30km/h) across our islands.

Sea conditions are slight to moderate in open water, with north-easterly swells ranging 0.5 - 1.0m west of our islands and 1.0 - 1.8m east of our islands.
