a film/slight-haze

Marine
Advisory/Warning:
None

Seas: Slight to moderate
0.5m to 1.5m / 1.5ft to 5ft

Marine
Advisory/Warning:
None

Weather Discussion:

Shower activity remains limited across St. Vincent and the Grenadines (SVG) and a weak tropical wave is expected across the islands Saturday (to)night, with a chance of a few showers and isolated thunderstorms. During Monday, slight/moderate concentrations of Saharan dust-haze could reduce visibility with moderate air quality across our area...*Take the necessary precautions.*

Moderate-occasionally fresh (20 - 35km/h) breeze can be expected across our islands, with wind directions varying between east northeast and east southeast in some locations.

Sea conditions are slight-moderate in open water, with swells ranging 0.5m(1.5ft) to 1.0m(3ft) west of our islands and 1.5m(5ft) to 1.8m(6ft) east of our islands.
