Advisory/Warning:  
*None*

Seas: Slight to moderate  
1.0m to 1.8m / 3ft to 6ft

Marine  
Advisory/Warning:  
*None*

Seas: Slight to moderate  
1.0m to 1.5m / 3ft to 5ft

Marine Advisory:  
*Northerly swells*

## Weather Discussion:

Over the next few days, partly cloudy skies could trigger a few showers across St. Vincent and the Grenadines (SVG) and a film/slight-haze may be noticeable at times.

Moderate (20 - 25km/h) breeze across our islands could temporarily increase near (30km/h) during Tuesday night and early Wednesday. Wind directions vary from north north-east to east north-east in some locations.

Sea conditions are currently slight to moderate in open water, with swells near 1.0m (3ft) west of our islands and ranging 1.5m (5ft) to 1.8m (6ft) east of our islands. During Thursday, northerly swells are likely across SVG...*Small-craft operators and sea-bathers should be aware.*
