& gusty winds*

Seas: Moderate in open water  
1.5m to 2.5m /5ft to 8ft

Marine Advisory:  
*Above normal swells  
& gusty winds*

## Weather Discussion:

A few scattered showers are likely across St. Vincent and the Grenadines (SVG) over the weekend. Cloudiness and shower activity is expected to gradually decreasing by late Sunday. Meanwhile, a film/slight-haze may be noticeable across our area at times.

Moderate-fresh (25 - 35km/h) breeze across our islands are likely to be gusty during Sunday night and directions could vary from northeast to east southeast in some locations.

Sea conditions are slight to moderate in open water, with swells ranging 1.0m (3ft) to 1.5m (5ft) west of our islands and ranging 1.5m (5ft) to 2.5m (8ft) east of our islands... *Small-craft operators and sea-bathers should exercise caution for above normal swells and occasional gusty winds, especially during Sunday night.*
