## Weather Discussion:

Over the next few days, shallow clouds could bring a few/isolated showers across St. Vincent and the Grenadines (SVG) and a film/slight-haze may be noticeable across our area at times.

Gentle-moderate (15 - 25km/h) breeze continues across our islands, temporarily increasing (~ 30km/h) during Saturday. Wind directions could vary from northeast to easterly in some locations.

Sea conditions are slight to moderate in open water, with swells ranging 0.5m (1.5ft) to 1.0m (3ft) west of our islands and ranging 1.5m (5ft) to 1.8m (6ft) east of our islands.
