at times
&
a few showers

Weather
Advisory/Warning:
None

Seas: Moderate in open water
1.5m to 2.5m /5ft to 8ft

Marine Advisory:
*Above normal swells
& occasional gusty winds*

Weather Discussion:

On the southwestern edge of the Atlantic High Pressure System, occasional brisk winds are pushing clouds and a few showers across St. Vincent and the Grenadines (SVG). Saharan dust concentrations have thinned-out across our area, leaving a film of haze.

Moderate-fresh (25 - 35km/h) northeasterly trades could become occasionally strong (~40km/h) across our islands...*Be aware!*

Sea conditions are moderate-rough in open water due to occasional gusty/strong winds, with swells near 1.5m (5ft) west of our islands and ranging 2.0m(6.5ft) to 2.7(9ft) east of our islands...*Small-craft Warning & High-Surf Advisory remain in effect for St. Vincent and the Grenadines and its coastal waters.*
