## Weather Discussion:

Occasional cloud patches continue to bring a few showers across St. Vincent and the Grenadines (SVG). A film of haze may be noticeable across our area at times.

Gentle-moderate (15 - 25km/h) breeze could vary in direction between east northeast and southeast in some locations. Wind speeds could occasionally reduce to a light (less than 10km/h) breeze during Tuesday and Wednesday.

Sea conditions are slight to moderate in open water, with swells near 0.5m(1.5ft) west of our islands and near 1.5m(5ft) east of our islands. A gradual fall {1.2m(4ft)} in swell heights may be noticeable on eastern coasts of our islands by this (Monday) evening.
