

# 72 Hours Weather Outlook

Date: August 18th 2025 (12noon)

**Tuesday  
August 19<sup>th</sup>**

Partly cloudy,  
a few showers,  
isolated thunderstorms  
& moderate/thick-haze

Weather  
Advisory/Warning:  
*None*

Seas: Smooth to slight  
less than 1.2m / 4ft

Marine  
Advisory/Warning:  
*None*

**Wednesday  
August 20<sup>th</sup>**

Fair-partly cloudy,  
isolated showers  
&  
moderate/thick-haze

Weather  
Advisory/Warning:  
*None*

Seas: Slight to moderate  
1.0m to 1.5m / 3ft to 5ft

Marine  
Advisory/Warning:  
*None*

**Thursday  
August 21<sup>st</sup>**

Partly cloudy,  
a few showers  
&  
slight-haze

Weather  
Advisory/Warning:  
*None*

Seas: Slight to moderate  
0.5m to 1.5m / 1.5ft to 5ft

Marine  
Advisory/Warning:  
*None*

## Weather Discussion:

Over the next couple days, a few showers and a chance of isolated thunderstorms are likely across our islands. Patches of Saharan dust could create moderate/thick-haze across our area by Tuesday evening and thinning-out (slight/moderate) on Thursday...*The St. Vincent and the Grenadines Meteorological Services (SVG MET Services) will continue to monitor an area of disturbance (50% chance of development) in the Tropical Atlantic Ocean and issue updates/advisories as necessary...*

Gentle-moderate (15 - 25km/h) breeze across our islands could increase near 30km/h during Wednesday and directions vary between north-easterly and east south-easterly in some locations. By Thursday evening, speeds decrease (< 10km/h) and turn southerly.

Sea conditions are smooth to slight in open water, with swells near 0.5m(1.5ft) west of our islands and near 1.2m(4ft) east of our islands. A slight rise in swell heights may be noticeable across our islands by Wednesday, ranging 0.5m(1.5ft) to 1.0m(3ft) west of our islands and nearing 1.5m(5ft) east of our islands.
