Marine Advisory:
*Exercise caution for
above normal swells*

Seas: Slight to moderate
0.5m to 1.8m / 1.5ft to 6ft

Marine
Advisory/Warning:
None

Weather Discussion:

Showers remain limited across our islands and Saharan dust concentrations maintain slight/moderate-haze until early Friday. A tropical wave could bring a few scattered showers and isolated thunderstorms across St. Vincent and the Grenadines (SVG) by Friday...*Be alert.*

Moderate-fresh (25 - 35km/h) breeze across SVG could occasionally increase (35 - 40km/h) during Wednesday (to)night and Thursday. Northeasterly winds are expected to turn south southeasterly during Friday night.

Sea conditions are slight-moderate in open water, with swells rising to range 1.0m(3ft) to 1.5m(5ft) west of our islands and 1.5m(5ft) to 2.2m(7ft) east of our islands...*Small-craft operators and sea-bathers should exercise caution for above normal swells and occasional gusty winds.*
