## Argyle International Airport

The Government of St. Vincent & the Grenadines

---

### **Advisory # 5 A HURRICANE WARNING remains in effect for ST. VINCENT and the GRENADINES (SVG)**

**Issued at 12:00 noon, Sunday June 30<sup>th</sup>, 2024**

At 11am, Hurricane Beryl was located near latitude 10.7° north; longitude 54.9° west, or approximately 457 miles (735 kilometers) east south east of SVG. Hurricane Beryl is moving toward the west at 21mph (33km/h) with an increased maximum sustained winds of 130mph (215 km/h). Minimum Central Pressure is 964mb or 28.47 inches.

Hurricane force winds extend outward up to 30 miles (45 km) from the center, and tropical storm force winds extend outward up to 115 miles (185km).

**A High-Surf Warning and Small-Craft Warning is in effect from 12 noon, today Sunday 30th June, 2024.**

#### **Possible Impacts:**

Maximum sustained winds of 130 - 156 mph (215 – 251 km/h) are expected from early Monday.

Rainfall accumulations of 4 to 6 inches (100 to 150mm) are likely across St. Vincent and the Grenadines. **A flash-flood Warning will be in effect from 6 pm, today Sunday 30th June, 2024.**

Marine conditions are expected to be very rough and hazardous with sea-swells exceeding 4.0m (13ft) and possibly higher ~8.0m (26ft), near the center of 'Beryl' during Monday. Large and destructive waves/swells are likely to cause life-threatening surf and rip currents. These will create unsafe conditions for small-craft operators and fishermen.

**Small craft operators are advised to remain in port. Please secure all vessels and other equipment. Sea-bathers and other users of the sea are advised to stay out of the water.**

*Another disturbance is located over the Eastern Atlantic, with a 70% chance of development, and a depression is likely as it tracks near our area by Wednesday. Be Prepared!!*
