**FOR IMMEDIATE RELEASE**

**PRESS STATEMENT**

**September 8, 2025 – Kingstown:** The Royal Saint Vincent and the Grenadines Police Force has taken decisive steps in response to recent incidents involving police officers and civilians. Investigators have been deployed, evidence is being preserved, witness canvassing is underway, and interim administrative measures are in effect where required. We are following established investigative protocols to deliver impartial, lawful, and timely outcomes. Rest assured, we are acting decisively and within the law. Our primary duty is to the people of Saint Vincent and the Grenadines: your safety and the fair administration of justice will be protected without compromise.

For absolute clarity: we recognise the gravity of the violence in a widely circulated incident involving a serving member of the RSVGPF and a female victim, the distress it has caused, and the strong public concern and outcry it has understandably generated. This organisation condemns all acts of violence and is treating this case with the utmost seriousness. In that incident, the accused remains in lawful police custody and is assisting investigators. Public claims of release are incorrect. The same custody, investigative, and supervisory standards that apply to any other subject apply here. Further details will be released only when proper to do so, to protect the investigation and the dignity of those affected.

This organisation proceeds on facts and law. Edited clips, anonymous posts, and speculative commentary do not meet the standards of verification, balance, and accountability expected of credible reporting. Circulating unverified material distorts the information environment, risks prejudicing eventual proceedings, and deepens harm. If you have information, report it to investigators and avoid circulating unverified claims.

Members of the public and media houses are asked to rely on official releases from the RSVGPF Public Relations and Complaints Department. Treat unverified claims as unconfirmed and refrain from sharing content designed to inflame rather than inform. Persons with first-hand, verifiable information should contact Police Control at 457-1211 or the Public Relations Office at 485-6891.

The RSVGPF serves the people of Saint Vincent and the Grenadines. We place the safety and stability of our nation first and will provide verified updates at appropriate stages of these investigations. These matters are being handled with the seriousness and professionalism they demand.
